4. You must complete at least **10** questions in Test Mode.

GRADING: Each session will record a score out of 10+ questions. Your highest session score will count for a grade out of 10 points. Your overall score does not count. The goal is to improve your session scores with more practice. Please take time to read through each lesson and to view the explanation if you get a question incorrect, as this will help you improve in the future.
